

Derbyshire Community Bank
Where local really counts

Angel Saver

It's a simple way to make your money matter while keeping it safe & working locally.

By depositing £1,000 or more as an Angel Saver, you help local people access fair, affordable credit and avoid high-cost lenders. Every £1,000 supports up to five people in our community.

Join DCBank as a Member or Corporate Member, deposit between £1,000 and £22,000, and we'll send your welcome information so you can register for online banking or our App to manage your savings while we keep you updated on the real social impact your deposit is making.

Angel Saver – Simon

"This is an excellent initiative.

I am proud to call myself an Angel Saver at Derbyshire Community Bank, knowing that some of my savings are helping the most needy in our community - and while those savings are working,

I get all the benefits of the Investor Protection Scheme as I would with a mainstream bank."
